

NIGHTCLUBS

Las Vegas' nightlife is a thing of legends. With countless choices to fit every taste and style, there's a club for everyone. Hakkasan, a megaclub and restaurant at MGM Grand, boasts five stories of adventure, each floor with its own unique vibe. OMNIA at Caesars Palace complements its roster of big-name DJs with a one-of-a-kind rotating chandelier that adds a captivating visual display to its shows. And get shoulder to shoulder with the hottest celebs at TAO at The Venetian. With state-of-the-art lighting and sound, this multi-story venue immerses you into the Vegas nightscape like no other.

DAYLIFE

The daytime adventures in Las Vegas are just as exciting as its nightlife counterparts. Encore Beach Club at Wynn features a luxurious pool, lined with daybeds and cabanas. But this is not for the typical poolside lounging. Instead, it's designed for a high-energy party featuring some of the hottest DJs. On the other side of the Strip, Wet Republic Ultra Pool boasts an epic sound system, 6,000 square feet of saltwater pools, and six private dipping pools throughout. For a seamless transition from day to night (and late night), Drai's Beachclub and Nightclub is a good move. The rooftop oasis provides all the expected poolside escapades with an unforgettable view to match. A quick outfit change and walk downstairs to the nightclub evoke a completely new sensation.

SPEAKEASYS/LOUNGES

For a more laid-back nightlife experience, an array of speakeasys, bars and lounges can be discovered at all corners of the city. Evoke the spirit of prohibition in the swanky, albeit hard to enter, Downtown Cocktail Room. From its secret door, hidden back bar and elegant motif, you'll feel like you've entered yesterday's Las Vegas. Housed inside a multistoried crystal chandelier, you'll get a truly opulent experience at the aptly named The Chandelier, inside The Cosmopolitan of Las Vegas. For a classic cocktail adventure, The Dorsey inside The Venetian is equal parts refined and cool. The expertly crafted beverages complement the gold and wood décor, making for a refined feel.

LIFE OF THE PARTY

This is just the beginning of the nightlife adventures that can be had. From epic bachelor and bachelorette parties to unforgettable birthdays, celebrating any occasion in Vegas will be one for the books!
